HONDA

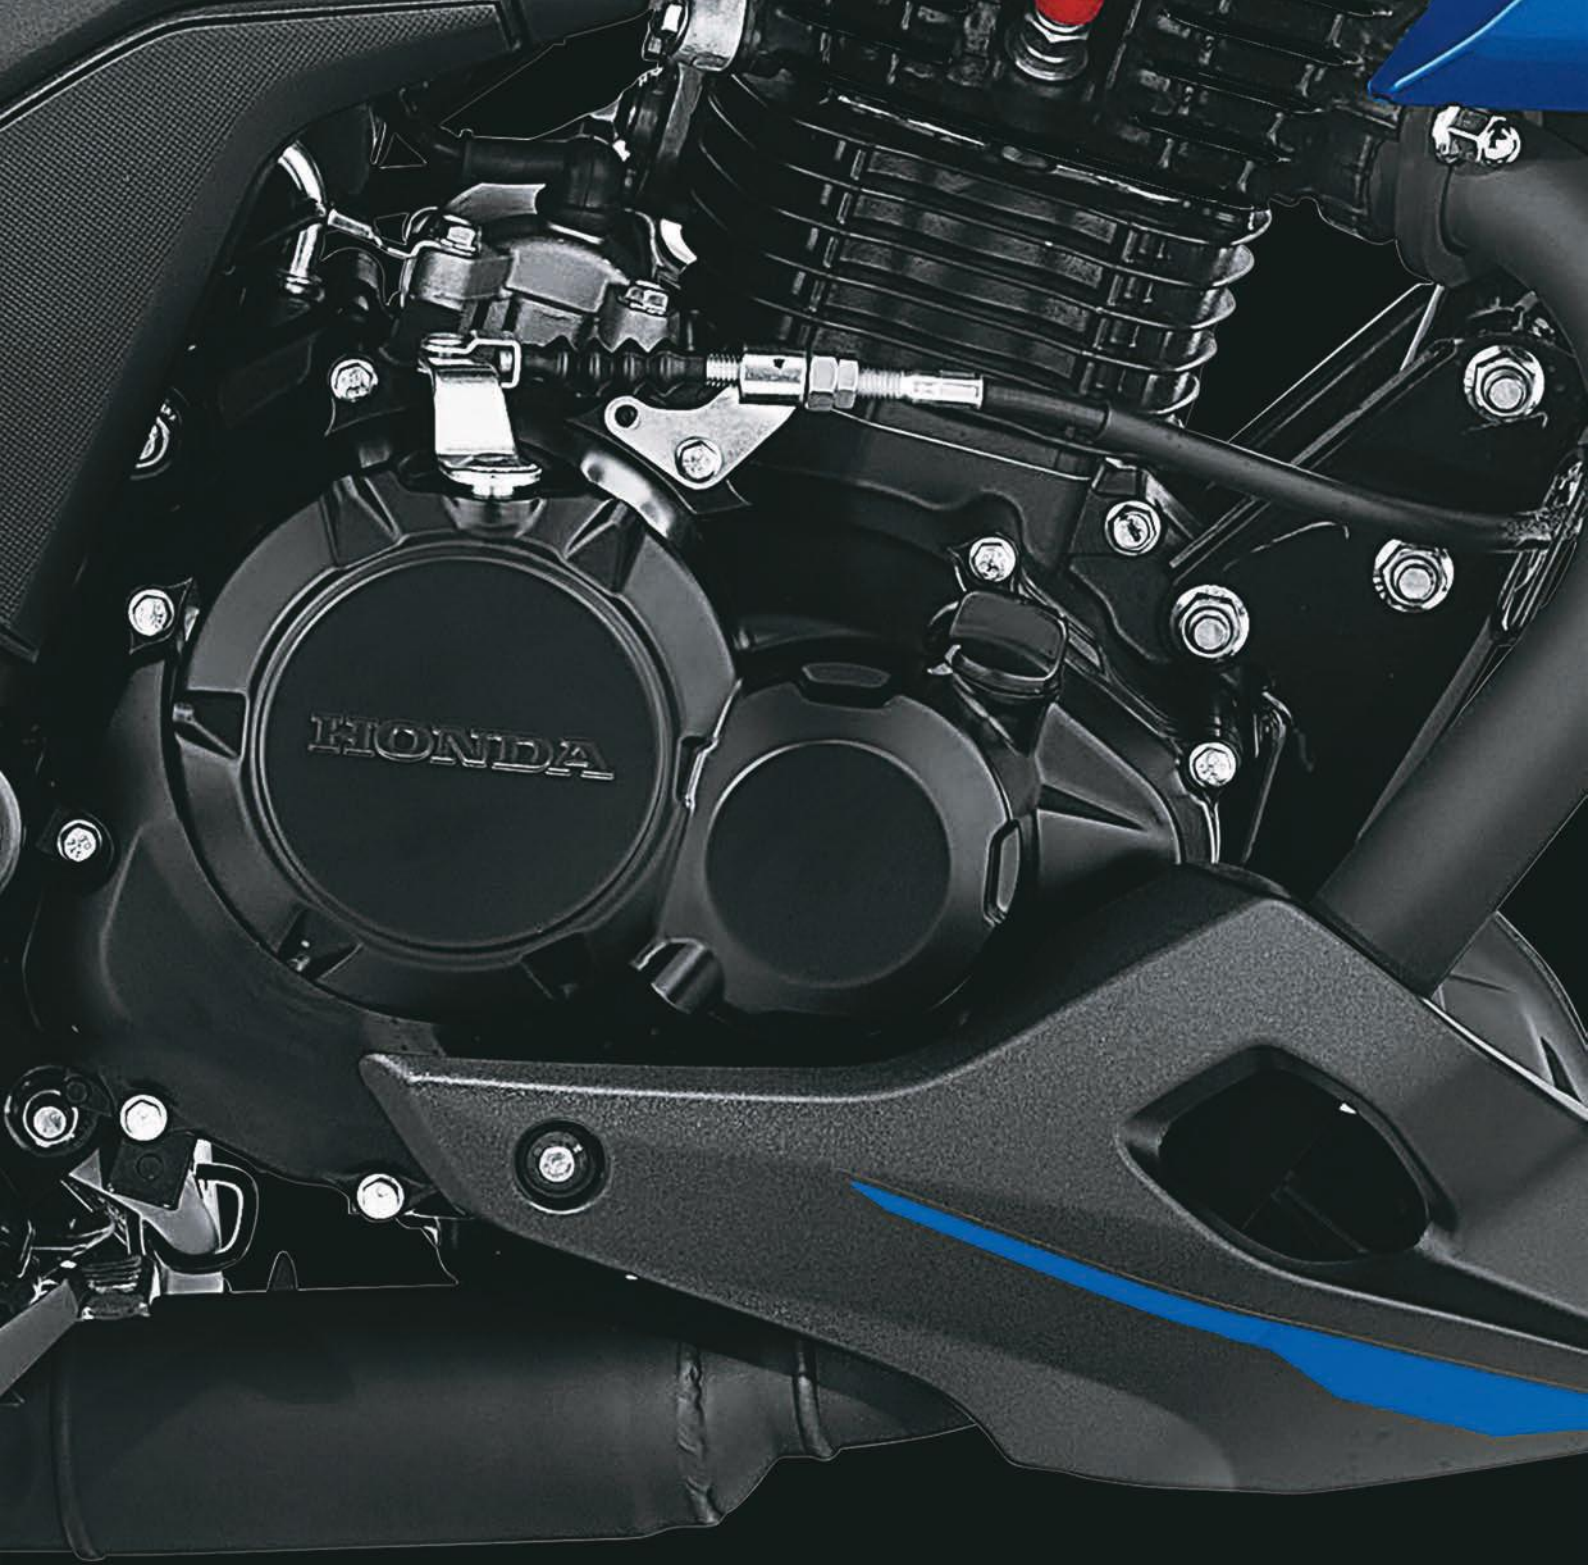
HORNET 2.0

CHALLENGE THE STREETS.

HORNET 2.0

For those with passion, those who want to infuse a new energy into the mundane, who find light in chaos, who seek thrill in everyday life – here's a machine that keeps up and lets the adrenaline flow at the twist of the wrist.

Honda Hornet 2.0 is the fighter on the street that has enough sting to make heads turn and leave a trail of gasps. It makes you stand apart with its aggressive styling inspired by its iconic siblings, and aerodynamic performance that befits the iconic Hornet name.



TECH-FIRED MEANNESS

Technology to feed the meanest character on tarmac and fire the snarl of every ride.

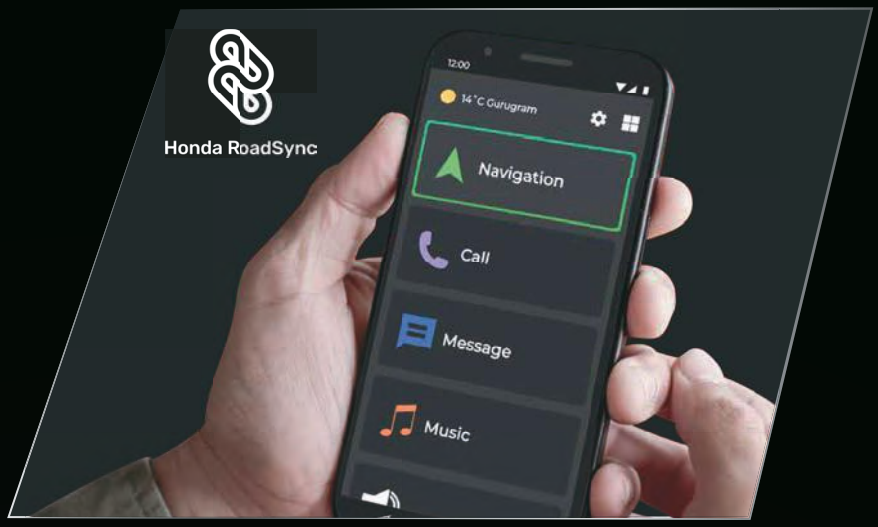
NEW TFT METER

Whether cruising or bolting through, get your figures effortlessly at just a glance from any angle and at 3 modes - light, dark and auto.

- ***Eco-Indicator***
- ***Tachometer***
- ***Range Indicator***
- ***Fuel Indicator***
- ***Real-time Fuel Efficiency***
- ***Average Fuel Efficiency***
- ***Side Stand Indicator With Engine Inhibitor***

Honda RoadSync

An app for the rider to stay connected with their world while on a ride. Navigate the map, make calls, play music, check weather updates or listen and auto-reply to text messages without interrupting the ride.



Manage messages via voice commands

Get real-time weather updates for any location

Make or manage calls right from your Hornet 2.0

Reach anywhere via turn-by-turn navigation

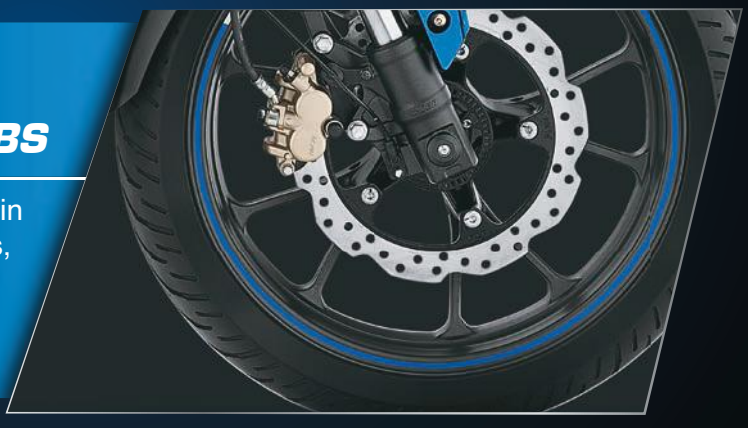
Control music on your fingertips

Assist/Slipper Clutch

Feel the easy thrill with quick upshifts and downshifts of advanced Assist/Slipper Clutch when zipping through the traffic or a tough trail.

Dual Channel ABS

Enables optimal braking control in emergency or slippery scenarios, thus, ensuring safety of the riders.



Honda Selectable Torque Control

Torque Control manages rear wheel spin by adjusting engine power especially on slippery surface. it also ensures safety and gives confidence to the rider.

Engine Stop Switch

Conveniently switch off the engine at brief stops like traffic lights.

Assist Function

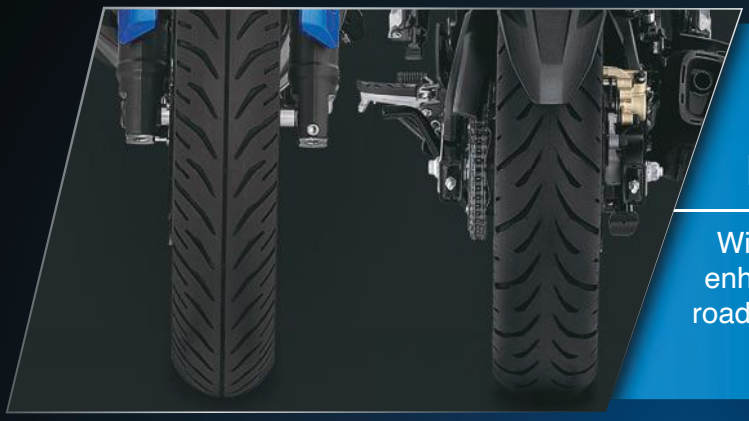
Glide easy with an easy clutch that moves with less force.

Slipper Function

Be assured in hard braking or aggressive downshifting situations as the slipper clutch prevents the rear wheel lock-up.

Mono Shock Rear Suspension

Mono Suspension is designed for increased stability and superior handling enabled by optimum center of gravity.



Wide Front/Rear Tyres

Wide Front and Rear Tyres provide enhanced grip and better handling on the road and instill confidence in the rider.

Golden Upside Down (USD) Front Fork

First in sub-200 cc segment, an advanced suspension system that gives premium-segment look and superior manoeuvrability.

Dual Petal Disc Brakes

Petal-shaped Disc Brakes in front and rear wheels that offer efficient braking and superior control to the rider.

EXPRESSION OF AGGRESSION

Design that outlines the true fierce intent, and the signature silhouette that speaks of dominance.

All-New Graphics

The cutting-edge graphics that make it look meaner and express what is underneath.

Aggressive Tank Design

Forward-leaning Tank Design with sharp contours that mark a dominating form.

Tail Lamp

The sting in its tail with an X-shaped LED Tail Lamp and new winkers for Emergency Stop Signal (ESS).

LED Headlamp

LED Headlamp that brings its street fighter spirit into sharp focus along with well-designed position lamps.

Riding Posture

A committed riding posture that offers stress-free and comfortable experience on the road as well as the highway.

Key On Tank

Blending intuitive convenience with up-market feel.

Sporty Split Seat

Sporty stance and uncompromised comfort for both the rider and the pillion with the split seat setup.

Short Sporty Muffler

Short muffler with advanced surface treatment that adds to the sporty and premium profile.

Aluminium Alloy Foot Support

Foot support designed to keep the rider and the machine in harmony and control.

Sporty Alloy Wheels

High-strength Alloy Wheels with coloured strips that accentuate the sporty appearance.

SEE THE WORLD IN BLUR

Built for the rider's focus on thrill and leaving everything else in a fast-motion trail.

Superior Aerodynamic

Aerodynamically designed shrouds and air passages that help the rider with minimum air drag and superior handling.

Torque-Full New OBD – IIB Engine

Heart of the beast – the BS VI engine – is packed with fierce power that produces strong torque in all speed ranges.

Superior Fuel Efficiency with Performance

Expertise of decades that achieves the rare combination of superior fuel efficiency with uncompromised performance.

COMFORT THAT MATCHES YOUR PACE

Ultra-comfortable design with ergonomic architecture that leaves fatigue in the dust.

USB C Charging

Thoughtfully placed USB C charging port for devices.

Hazard Switch

Be seen in low visibility and at emergency stops with flashing indicator lights.
